

# Racism hurts your baby long before they're born.

Studies show the stressful experience of discrimination increases the risk of preterm birth in Black moms-to-be. You and your baby have the right to the best treatment health care providers have to offer.

Find out what treatment you should expect for you and your baby at [www.BlackLegacyNowSD.com](http://www.BlackLegacyNowSD.com)

## Tomorrow's Black legacy deserves protecting today.
